~~After Effects of Love~~

~~Some are left with Miserble~~

THE TINY PRINCE

There's a little rug cutter about four feet high and when he hop looks like he's taking a fence

In case you happen to dig this little fellow any Place bear in mind its the Tiny Prince

He leaves civilization every once in a while but when he returns he's dead on time

He makes all the touch Hauls, that think their rug cutters absolutely change their mind

When ever he falls in a dance hall all the folks greet him with a hearty hand-shake

Because everbody knows him, and the tiny Prince really takes the cake

He wont teach anyone how he does his steps, he just Keeps it under Cover

And not only can he dance, folks, the Tiny Prince is also a great lover

He'll often speak of dancing but loving he'll very Seldom mention

Because Romance got him where he is now, in the house of detention

But he still has plenty chicks and believe me he's got them by a string

And when his troubles are over the tiny Prince will still be in swing.

The Tiny Prince

He needs no introduction because I think he's
Very well Known
Because when it comes to rug-cutting he stands
in a class all alone
He latches on to all the routines and all the
new steps that come out
And he also makes some hard steps of his on

When ever he dances any place all the People

Because he really struts his stuff in fact
he's a top rater
He ranks well with all the hens and all the
little young chips
Cause he really knows how, when and just what
to do with his pair of hips
He's schooling now in the house of FRANTIC
STYLES
HE COMES ON WITH HIS LOUNGEing
DRAPES AND HIS COMBINATIONS MILd
BUST SHANK A MILLION AND A happened
BILLION AND HE'AY, human being
So look him up when he jumps out because
hes reall worth while seeing
I guess youve been wondering who this is
now Ill take you out of Suspence
Because all the while I've been speaking
of none other than the
Tiny Prince. (End)
